

FROM THE PASTOR'S DESK

The CJCTL Family recently appreciated a few dedicated teachers within the Paterson School District, who have been instrumental in helping to mold young people. The honorees were exhorted by the Superintendent of the Paterson Public School – Ms. E. F. Shafer; and other notable educators. They were lauded for their impact and contributions to the education system.

This among other ventures, are some of the ways CJCTL seeks to appreciate the unsung heroes of our church community and to make a difference in the lives of people in every area of society.

Bishop G. Sampson-Lee

EVENTS HIGHLIGHTS

MEN'S CONFERENCE 2019 "LOOK UP... THERE'S A NEW DAY COMING"

Men's Conference was soul-stirring. Bishop A. Brett did a dynamic workshop teaching on key principles of the theme scriptures and their fulfillment in current times. Pastor P. Goodman, Elder K. Williams and Pastor N. Gordon, adjure the congregation to be watchful, steadfast and walk in the spirit, as the coming of God is at hand. The conference was electrified by the illustrious Combine Men's Choir.

WOMEN'S CONFERENCE 2019 "EMPOWERED BY THE SPIRIT"

The Women's Conference theme was empowering and relevant. Minister N. Wollery thoroughly expounded the theme and challenged the congregants to connect with people who will enhance their growth. Missionary P. Henry and Elder E. Francis anointed messages, encouraged the congregation to stand in their authority and utilize the gifts that God has given.

CJCTL Review

27TH ANN. HOLY CONVOCATION "LET THE SHEKINAH GLORY FILL THIS HOUSE"

Uctionized preachers and teachers illustrated during the Convocation, the requirements necessary for experiencing the Glory. Getting the glory is a process and one must willingly do the required pressing to get it.

One must 'Let' (remove the obstacles from their lives) and finish the work required for the glory to dwell within the temple. Convocation was awesome and the Shekinah Glory manifested.

SOLID AS A ROCK

A rock is a solid material that is formed from different types of minerals, under great heat and pressure, within the earth's crust. This occurs due to volcanic eruptions within the earth, which produce a hot molten substance called a lava or magma. When the lava is cooled, it becomes very hard – forming a rock. Rocks have been used through the ages to symbolize strength, firmness and an unchangeable nature. Jesus Christ is often referred to as the 'Solid Rock'.

“Solid as a Rock” was the CJCTL 2019 Youth Retreat theme, to enable the young people to determine what type of Christians they desire to become. The theme scripture was St. Luke 6, which compared two (2) men – one who built his house upon the sand and the other on the rock.

A good Christian is desirous of becoming a rock and this requires hard work, commitment and a willingness to allow the Holy Ghost to clear the rubbles of one's life, so that his/her foundation can be solid –built on Jesus.

Building on the sand is easy, but it will cost you gravely – especially during the storms of life. It is better to begin the work today of building on the Solid Rock.

YOUTH CORNER

The CJCTL was again honored to host the New Jersey/York Regional finals of the 2019 Blacks in Government (BIG) Oratorical Competition.

Two (2) of CJCTL young people – Antonio Williams and Sade Wilson – entered the competition and after very strong and compelling presentations, Bro. Antonio emerged the winner. He will now compete at the national finals in Texas on August 8, 2019.

CONGRATULATIONS BRO ANTONIO!
